

“The Reign of Death”

Romans 5:12-14

I. Death exists because of Adam’s disobedience.

- Through Adam’s personal sin, sin has spread by transmission to every member of the human race.

II. The death that terrorizes mankind is both physical and spiritual.

- Spiritual death, physical death, and the second death all have the same remedy.

III. Death has reigned throughout human history.

- Adam is a type of Christ in that the one act of each affected the many.
